SOUTHERN CLAIMS.

The recent attempt, led by the Northern dough-face, General Bragg, of Wisconsin, to repudiate the rights of Southern citizens to compensation for property taken and used by the army of the United States during the rebellion, has come to an early end of failure.

The first objection by these repudiators is the alleged magnitude of the war claims, which, by ignorance, falsehood, and an unbridled imagination, has been represented as amounting to hundreds or thousands of millions of dollars. This would not be a good objection, if it were true, provided the claims were honest, any more than it would be a good reason to repudiate the public debt, or the pension list, because of their magnitude. Indeed the counts Col. Robert Alston in Atlanta, Ga. less treasure of life and property poured out to sustain the government added to the sacredness of the debt, because its amount was so great. Stevens, and the second March 3, 1871, under the leadership of Gen. Butler. In both cases Congress was overwhelmingly Republican. In the first case the war was at its heighth. The Republicans alone have offered both these measures of justice to the South when they had in Congress an overwhelming majority. The Republicans alone have solidly stood by them, though now in a minority, in the recent assault on them by rebel brigadiers led by Northern dough-

Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons,

This is a compound remedy, prepared with scientific skill from vegetable ingredients, which rarely fails to cure the severest cases of Chills and Fever and the concomitant disorders. Such a remedy the necessities of the people in mala-Its great superiority rious districts demand. over any other medicine yet discovered for the cure of Intermittents is, that it contains no quinine or mineral, and those who take it are free from danger of quinism or any injurious effects, and are as healthy after using it as before. It has been extensively employed during the last thirty years in the treatment of these distressing disorders, and so unvarying has been its success that cit has gained the reputation of being infal-lible. Cit can, therefore, be safely recommended as a sure remedy and specific for the Fever and Ague of the West, and the Chills and Fever of the South. It counteracts the miasmatic poison in the blood, and frees the system from its influence, so that fever and ague, shakes or chills, ouce broken up by it, do not return until C the disease is again contracted.

The great variety of disorders which arise from the irritation of this poison, such as Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitation, Splenic Affections, Hysterics, Pain in the Bowels, Colic, Paralysis, and derangeof the Stomach, all of which become intermit tent or periodical, have no speedier remedy than AYER'S AGUE CURE, which cures them all alike, and protects the system from future attacks. As a preventive, it is of immense service in those communities where Fever and Ague prevails, as it stays the development of the disease if taken on the of first approach of the premonitory symptoms. Of Travellers and temporary residents are thus enabled to defy these disorders, and few will ever suffer if they avail themselves of the protection this remedy affords.

For Liver Complaints, arising from torpidity, it is an excellent remedy; it stimulates this organ into healthy activity, and produces many remark-Prepared by Dr. J. C. Ayer & Co.,
